# Let's Stop COVID-19

Better Safe than Sorry

The infographic is divided into three main sections: SYMPTOMS, PREVENTION, and PLEASE. The SYMPTOMS section includes icons for a fever thermometer, a person with trouble breathing, a person coughing, and a person vomiting. The PREVENTION section includes icons for wearing a mask, washing hands, wearing gloves, and consulting a doctor. The PLEASE section includes icons for avoiding gatherings, avoiding personal contact, and avoiding touching eyes, nose, and mouth. At the bottom, there are contact numbers, a logo, and the name of the Vice Chancellor.

**SYMPTOMS**

- FEVER
- TROUBLE BREATHING
- COUGH
- NAUSEA & VOMITING

**PREVENTION**

- WEAR MASK
- WASH HANDS
- WEAR GLOVES
- CONSULT DOCTOR

**PLEASE**

- AVOID GATHERING
- AVOID PERSONAL CONTACT
- AVOID TOUCHING EYES NOSE & MOUTH

" Stay Home, Stay Safe, Stay Healthy "

In the recent outbreak of Corona Virus globally and to secure India from its attack, an Awareness programme on the Prevention and Spread of Corona Virus (COVID-19) was organized by the School of Chemical Sciences, Devi Ahilya Vishwavidyalaya, during June 15<sup>th</sup> to 19<sup>th</sup>, 2020.

### Objective of the Activity:

To create awareness and educate all the stake holder of the society including local community regarding preventive intervention techniques that would help in reducing the transmission of the disease.

(CDAC Coordinator)

### Highlights of the program:

- **Awareness through Poster /video Presentations:** The master's students had virtually presented awareness for prevention of corona virus diseases through poster and videos. Fifteen students of the department were actively involved in the mission to combat COVID 19 pandemic.
- The students demonstrated and educated about the following aspects of the disease:
  - Origin and prevalence of the disease
  - Signs and symptoms of the disease
  - Prevention and control measures
    - Hand hygiene and handwashing technique
    - Correct way of wearing mask
    - Travelling advice
