EL72102: Real Time Systems

EL72104: Advanced Embedded Microcontroller – ARM

EL72105: VLSI Design Methodologies

EL72111: Wireless Computer Networks & IoT

EL52102: Analog & Digital Communication

EL52103: Data Communication & Networking

EL52104: Signals and Systems-Discrete

EL52105: Machine Learning

EL52106: Advance Embedded Microcontroller- ARM

EL14101 Computer Architecture & Organization

EL14102 Data Communication & Computer Network

EL14103 Signal & System

EL14104 Python Programming

EL14106 Machine Learning

EL14107 Optics

EL14108 Digital Electronics

EL14191: MOOC Course – I: Visual Creation

EL12102 Mathematics -II

EL12103 Semiconductor Device Physics & Application

EL12105 Data Structure (Online)

EL12106 Fundamental of Economics

LV: Laboratory Viva-Voce

CV: Comprehensive Viva-Voce

**NOTE: 1 Date and Time of laboratory viva-voce will be announced by respective faculty Incharge of laboratory, from the given dates of laboratory viva.**

**2 The date and time are tentative and may be changed later by the department.**
