

## School of Energy and Environmental Studies, DAVV, Indore

### 2.6.2 Attainment of Programme outcomes, Programme specific outcomes and course outcomes are evaluated by the institution

Response: For the PG and Dual degree programmes offered by SEES, the syllabus is designed in such a way that all programmes have their own objectives and methodologies to achieve their respective Programme Outcomes. Some subjects combine theoretical inputs with practicals and some have only theory. To achieve the Programme Specific Outcomes for the subject, teachers have to use various direct or indirect methods to achieve overall pedagogical objectives.

To measure course outcomes and attainment level of each student, the department conducts continuous assessment tests for each subject:

- Assignments
- Minor project
- Seminar
- Class tests
- Lab Practical knowledge
- Major Project work
- field visits
