Department of lifelong learning DAVV, Organized three days' workshop on **crackle effect decoupage bottle, Miniature Cup Garden, and Glass Painting** in which 52 Students take actively part with full of interest and learning ability and make beautiful articles workshop is conducted in the department seminar hall under the expert Mrs. Swarna Modi.

Material Required – Fevicryl modge podge, sunflower color kit, fevicol Mr, Floral color printout, glass bottle, Mouldit 2 packet, talcum powder, toothpick, cup plate, glass color, ohp sheet, brush, water container, rough cloth.

Crackle effect decoupage is the art of decorating an object, it comprises of techniques like gluing tissues to the object combining special paint effects and other effective elements.

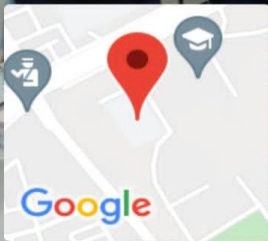

Miniature cup garden is one of the most unusual ways of bringing imagination and color to your garden. You utilize unused tea cups lying around the house, or vintage ones that you've picked up at a sale and turn them into a one of a kind pot for your plant.

Glass painting is the art or practice of producing designs in color on or in glass. Noun a Painting upon glass, a surface of glass decorated in color by the use of stained glass or painting, or both.
