HOD, DOLLL**

**MONIKA PATODI
INTERIOR DESIGNER**

Landscape design is an independent profession and a design and art tradition, practiced by landscape designers, combining nature and culture. In contemporary practice, landscape design bridges the space between landscape architecture and garden design.

Students of interior design were taken to nursery to study the various elements of landscape design.

All the visits to various nurseries were fruitful. The green gold nursery also is very beautiful, but the caretaker was not so cooperative.

STUDENTS PRESENT-

- 1) ARPAN CHOUHAN
