Department of lifelong learning organized workshop of (20 Hours) for B.Voc in interior design 6<sup>th</sup> semester in which 31 students took part and create wonderful articles and furniture under Rs. 500 only under the guidance of Mrs. Anita Pal and show their full interest towards the workshop.

### **FURNITURE CREATION**

Furniture creation is a specialized field where function and fashion collide. Many interior designers believe that furniture is one of the most important aspects of interior space. Pieces of furniture not only add function and practicality to space, but they also add style and personality. Furniture has evolved and changed with the times, and some styles have remained somewhat constant throughout the years, while others have drastically changed or become obsolete. Today, creating new furniture styles is often seen as a type of industrial art form.

### **OBJECTIVE**

Create a functional and unique furniture under 500 only.  
After design of furniture we observed comfortable lives.  
Establishing a pleasing sense of order.
