Department of lifelong learning*

Introduction

The Department of Lifelong Learning (formally Department of Adult and Continuing Education and Extension work) of Devi Ahilya University was established under central Government's 20 Points programs during 1984.

It has been playing a vital role in taking university to masses.

The Department has always taken special efforts to make its activities socially relevant, economically viable with a target-oriented approach. Department of Lifelong Learning offers various kinds of need based (short duration) Continuing Courses, which help creating employment opportunities for unemployed youth.

The Department provides individuals the opportunity to learn at any stage of one's life in various contexts and situations, through all formal, non-formal and formal system of education. It is a pedagogical method, which is generally achieved through continuing education and lifelong learning.

It includes educational programs to improve and add new qualifications, improve the existing skills or acquiring new skills.

Vision, Mission and Goal

Institutions and organizations are making provisions to impart training and courses for the employees to update their knowledge and skills to compete in this competitive world. The senior citizens and home makers are also provided learning opportunities to utilize leisure time productively. The acceleration of scientific and technological development has made lifelong learning very important. The time span for primary, secondary and tertiary education is hardly sufficient to acquire a professional career, which will last for rest of his life. Lifelong Learning has become a fundamental goal of recent education policies, often advocated as a way to achieve socio-economic development and as a tool for promoting "Knowledge-based" society.

Vision: : To be on top in providing lifelong learning opportunities for all

Mission: - Accepting the philosophy of Lifelong Learning as the part of the Total education program.

Goal: - Strengthening process of human resources development through continuing education programs.

- 1. Strengthening process of self-learning society.*
- 2. Making people aware about population and also environment dynamics .*

Keeping in view the importance of lifelong learning, The Department of Lifelong Learning, DAVV conducts skill based Degree courses with the approval of UGC which provides an ample opportunities for the community, youth, home makers, senior citizens and persons interested in vertical opportunities to get degree, advance diploma, diploma and short duration certificate programs which are useful in the employment, self employment and as job providers in market.
