Suggestions/ comments, if any- There is an urgent need to change the syllabus, programme and its practical applicability. Students are only subjected to orthodox methodological approach and they need more exposure. College should take initiative for the same and also bring in more permanent faculties. Discipline of staff (office) should be regulated. Guest lectures, internships, field visits etc should be conducted so that a student doesn't depend on his own and get extra support from college. Filing of RTI & PZL and other draftings should be encouraged at intermediate level.
